A Man's Best Friend?

Entirely in accord with the sentiments expressed therein, we take the liberty of republishing the following editorial as it appeared in a recent issue of the "Camp Gagetown Gazette," entitled —

GARDEN HANDYMAN

Complaints have been made about lawns being damaged or destroyed. One of our boys has his beef added to the collection.

Quite a few of our so-called fearless types who love dogs are seen daily walking the pooch around the PMQ Area. The dogs are always kept on short leash until their own houses are left behind and then the leash is let out to give Fido more room to "move" around.

You've seen these dogs going from hydrant to light standard, from the standard to your lawn, sniffing all the time until they

find a place they like or haven't dropped in on before. When the walk is finished, Poochie leaves you with nothing but a far from fond memory, in fact he doesn't even bark good-bye to you.

We call these dogs "Garden Handymen" because they do all kinds of odd jobs on your lawn and don't charge you for the service. What we call the dog-walker, however, is not considered in sufficiently good taste for publication. We will say this to these people: "We appreciate your good housekeeping around your own PMQ, but the Works Company is quite willing to supply us with a proper type of fertilizer which will not burn the lawns. Furthermore, have you fellows ever tried to cut a dog-littered lawn with a hand lawn mower? — it gets hard on the eyes after a while!"

OUR COVER

With this issue of the Griesbach Bugle, publishing history is made as far as service newspapers are concerned. Never before has a service newspaper printed a full color photograph.

The photo was made possible through the Directorate of Public Relations (Army) and the Command Public Relations Officer. It depicts a national event, namely the first changing of the guard this year on the grounds in front of the Peace Tower in Ottawa which takes place on Dominion Day, July 1st. Thousands of tourists flocked to Parliament Hill last summer to see the colorful spectacle.

Letters to the Editor

Dear Editor:

This will no doubt be of some interest to most residents of Griesbach. On a recent excursion into the country, I discovered a new recreation park within a few minutes' drive of Griesbach. It is called SUNNY SIDE PARK and is located on the Sturgeon River 3 miles east and 4 miles north of the town of Nampaw. Some of the facilities now available are picnic areas with tables, overnight camping, swimming, sandy beach, golf driving range and ball diamond. There are 150 acres in this park which give the children plenty of room to run and play and no one seems to mind the noise.

The best part of all, I didn't have to fight city traffic for half an hour before hitting the open road. I also found this a very handy picnic spot to run out to after work, especially in the hot weather.

Sgt. M. King.

FALSE ALARMS

There is an increasing number of False Fire Alarms being turned in by the children of Griesbach. From January to the end of May this year, your Fire Department has responded to 25 false alarms.

Fire Departments are established at great expense for the primary purpose of saving lives and property and not for the amusement of little children.

False alarms are a very dangerous business and should not be tolerated by the parents of this community.

It will be a very sorry day in Griesbach when someone is desperately in need of help and your Fire Department is out responding to a false alarm caused by some prankster.

Please help us to help you, by instructing your children "not to touch Fire Alarm Boxes unless there is an emergency" and to stay off the road when they see or hear the fire engines approaching.

YOUR FIRE DEPARTMENT.

Edmonton Provost Detachment

It has been noted that small children in the PMQ area are running behind cars when they back out of driveways. This is a very dangerous practice as some of our driveways are very steep.

When the Gas Company makes an excavation, it is found that a large number of children are always playing at this hole. A cave-in could very easily bury a child and the child would not be missed for some time. Then it would be too late.

Think, Don't Sink

In 1945 the Canadian Red Cross Society instituted its Water Safety service in a sincere attempt to reduce the toll of death by drowning and to promote a healthful form of recreation for the people of Canada.

Thus we approach the subject of Water Safety knowledge. What is water safety knowledge? Many people will shrug their shoulders and tell you it is common sense. And yet, in Canada hundreds of these people drown every year. Is this then common sense? The answer is easy. Water Safety is simple, but people must learn to use their common sense and to realize the importance of practicing even the simplest rule at all times.

Water Safety Hints:

For Parents:

1. When taking children to the beach, remember that they are not aware of many hazards. Always watch them or detail someone to do so.

2. Inflated toys are fun, but give false security, and can carry a poor, or non-swimmer into dangerous, deep water before he realizes it.

3. Make sure your children wait the allotted time (2 hours) before entering the water, and do not allow them to swim in swift, unclean, or weedy waters.

For Teenagers:

1. Beach parties and wiener roasts are enjoyable, but if held after dark, swimming should be forfeited.

2. After a vigorous game of tennis, or a long hike, a cool swim can be very inviting, but remember, do not dive straight into cold water. Either wade in, or cool off slowly by first splashing water over yourself.

For Boaters:

1. Hang on to an overturned boat — it will not sink.

2. Before attempting to travel any distance by boat, have a look at the weather.

3. A non-swimmer, or even a poor swimmer should never enter a boat unless he or she is wearing a life-jacket.

4. Your boat should never carry any more passengers than there are seats.

5. It is advisable to go to the nearest shore or dock to change places in a boat. In an absolute emergency, where you must change some distance from shore, only one person should move at a time. Go slowly, and remember to keep your weight low, and to the center of the boat.

6. Remember, the safety of a boat depends entirely upon those using it.

Perhaps the most important safety device is the "Buddy System." Have a buddy with you while partaking in any form of aquatic recreation.

Remember, it is up to you whether you sink — or think.

Pictured above, Capt. O. M. Ward, Paymaster 2 PPCLI, passes the winnings to the eager hands of Pte. Nolan, while Major H. H. Hennie, Chairman of the Griesbach Association, looks on.

Library News

Recently almost 300 new or donated books have been added. This represents a lot of work in cataloguing, by Mrs. Wilson and by many ladies, in preparing the books and placing them on the shelves. The ladies have also spent several hours on developing classified sections and this may be carried further in the fall.

Circulation out is about 1,200 books a month, with children's books outnumbering the adult by roughly ten to one. Unfortunately, the books in the library are in roughly the opposite proportion. There is hope of a grant from Regimental Funds, which would be all spent on basic children's books.

Promoted and to Command Area

Colonel N. H. Ross, DSO, ED, CD, of Winnipeg, Man., and Victoria, B.C., will be promoted to the rank of Brigadier and appointed Commander, New Brunswick Area, Sept. 1st., Army Headquarters announced recently.

Now Chief of Staff, Headquarters, Western Command at Edmonton, Alta., he will replace Brig. E. C. Brown, who is to retire and has been named Chairman of the Board of Directors for the town of Oromocto, N.B.

While overdue books number only 40 or so a month, this still causes much extra work and confusion for the voluntary library staff. Most parents use this opportunity to further encourage the habit of promptness and to develop a sense of responsibility towards obligations. All parents can assist the library staff by keeping a close watch on this, and, of course, there are a few parents who have not developed the habit too well themselves.

As notified elsewhere in this issue, the library will be open only on Wednesday evenings during the summer. With so many readers and library attendants away during that period, it was decided that one evening a week should satisfy the demand and would be all that could be managed comfortably. For those whose reading does not decrease

Dedicate Plaque

Edmonton, Alta. — A dedication ceremony that meant much to veterans and serving members of the Princess Patricia's Canadian Light Infantry in Canada, took place Sunday, June 11th at Griesbach Barracks here.

A plaque commemorating the late Miss Jennie MacGregor Morris, popularly known as "the London mother" of the Patricias, was dedicated at a service in the Protestant chapel, Griesbach Barracks. About 100 all ranks of the 2nd Battalion of the regiment attended the service. Members of the Princess Patricia's Association also attended.

Miss Morris, who died at Gorleston, Norfolk, England, on March 5th, 1960, was a direct descendant of Rob Boy MacGregor and during the first World War adopted the regiment when she made her private hotel in London a "home away from home" for members of the Patricias on leave from the fighting in France. During the second World War her home in a London suburb was always open to members of the regiment.

Miss Morris made a point of sending Easter and Christmas cards to every one of her "boys" who had ever stayed at her home.

In 1938 she visited Canada and met Patricias at every major center in the country. During the tour she was guest of honor at a banquet given by the Prime Minister, Mackenzie King.

The plaque in the Griesbach chapel was presented by the president of the PPCLI Association, Lt.-Col. R. P. Clark and the vice-president, Brig. J. A. DeLalanne.

Junior Bandsmen

Young, musically-inclined Canadians from 17 to 19 years of age may find a future as military bandsmen in the Regular Army.

Army Headquarters, Ottawa, has announced a plan for recruiting young men as junior bandsmen. There will be two intakes a year beginning in July with an initial enrolment of 25 applicants. The new entrant must have reached his 17th but not his 19th birthday in order to qualify for enrolment under the new plan.

Also, the applicant must have some knowledge of music and undergo a musical assessment by the Director of Music of the Canadian Army. Preference will be given those with previous band experience and a high school education.

Subsequent to entering the service on a seven year engagement, the recruits will receive their general military training before entering the Royal Canadian Navy School of Music at HMCS Naden, in Esquimalt, B. C. Here they will undergo a two-year course in music.

French-speaking recruits will, in addition, receive English language training before going to the school.

On completion of their military and musical training the junior bandsmen will take their place as full-fledged members of a military band in the Canadian Army.

My Name and Face Are on the Pin

Jim Parker, writing in "Navy Time" of January 7th, 1961, dramatically describes the effective device employed by one Navy facility for impressing safety practices in driving. Appreciation is expressed to the Editor, "Navy Times," for permission to reprint this article.

On the sun visor of my car there is a little pin. It's just an ordinary map pin, about a half-inch long with a big colored head on it.

The pin isn't connected to any other part of the car — just stuck into the sun visor, right in front of my eyes, where I can glance at it any time.

That pin could save my life — or yours.

It may be the most important safety device on the whole car.

The pin has no mechanical function, yet it might have more to do with stopping my car in time than the brakes do.

It isn't a governor, but it might keep my car from going faster than the law or common sense allows.

It isn't a part of the steering system of my car, yet it might keep my car from driving on the wrong side of the road, or driving off the road into a tree.

The little pin weighs a fraction of an ounce, but it might keep

my ton-and-a-half car from plying head-on into another roaring mass of steel and glass at 80 miles perhour.

You can't read it, but my name is on that pin. My eyesight isn't any better than yours, but I know my name and my face are on that pin. I can see it.

I sat in on a class in driver training given by C. H. Taylor equipment operator first, attached to the Potomac River Naval Command's Operation Safe Drive Office at the Naval Station in Anacostia.

Part of the classroom instruction was the showing of a movie called "The Case of Officer Hallagrand." It depicts the true events of one day in the working life of a traffic enforcement officer.

Each time an accident occurs in the film, a map pin similar to the one stuck in my sun visor is placed on a large city map at police headquarters. "We got plenty of pins," one of the officers says.

Officer Hallagrand tells his colleagues that maybe, to them, they are just pins, but to him the pins are names and faces of people he knows — or knew, before they died horribly in auto accidents.

Before viewing the film, each man in the class is given one of these pins.

As the picture ends, after show-

ing a day of highway death and destruction, the narrator says: "Yes . . . they have plenty of pins. One of them is for you unless you have learned that careless driving means sure destruction."

I brought my pin with me. As long as I can see it, stuck safely in my sun visor, it won't be going up on a police headquarters' map, marking the space where I crashed and died.

And every time I glance up and see it there, I believe it will help keep my car on my side of the road, travelling at a safe speed.

When I'm tired and sleepy, maybe my dozing eyes will catch sight of it and remind me to pull over and skip driving until I have rested properly.

When I'm impatient at other drivers, or irritated at their real or fancied breaches of driving et-

quette, maybe it will say to me, "Calm down, old boy! You have plenty of time to get where you are going—and get there safely."

"I" Staff Still With Us

It is some time since we have had enough time to set down and write a few lines on what the Edmonton Detachment "I" Staff for the Militia have been doing.

The Militia Spring Training courses are practically at a stand still due to the Militia units concentrating and preparing for the Area Commander's Annual Inspection. Most of the Instructors are with their Militia Units helping them with Ceremonial Drill. The Edmonton Inspection was held on Kingsway on June 18th.

During the month of May, we conducted refresher training for Regular Force Personnel of Command and Area Headquarters in the following subjects: First Aid; Wireless Users; NBCW; Rescue and Annual Classification on the ranges. It was the first time many of them had ever talked into a microphone of a wireless set and although the procedure used in some cases was not what is laid down, they got their messages through. During the noon hour they were taught how to build fires and do their own cooking from IFR Rations packs. No doubt many of their wives will be glad to hear this as they will get a much needed rest from preparing meals.

It is fast approaching the time for our Instructors to start departing for their summer employment. This year the High School or Young Soldier Training commences on 3rd of July and finishes on August 12th. This will involve training starting in Edmonton for one week then move to Sarcee Camp for one week, back to Edmonton for two weeks and finish up with two weeks at Camp Wainwright.

This year the Militia are holding a one-week Camp at Camp Sarcee from July 9th to 16th. Both the Militia and Young Soldiers will be able to attend parts of the big Stampede.

At Camp Wainwright they will also have the Senior Officer and Lieut. Qualifying Course as well as the Young Soldier and CWAC Camps.

PERSONNEL:

We welcome back Sergeant Bill Southgate after completing and passing his Group 4 Field Engineer Course at RCSME. Congratulations, Bill, on successfully passing your course.

We welcome S/Sgt. Bill Ripley to our Staff. Rip is our clerk typist and he is kept very busy typing for both Edmonton Detachment and HQ "I" Staff.

The following personnel will be posted from this Detachment in the near future:

Lieut. (Rod) Tomlinson.
SMI (WO1) Al Steele going out on retirement after 32 years continuous service with RC Signals.
S/Sgt. (Will) McNeil.
Sgt. Leighton Melanson.
Sgt. (Bill) Southgate.
Sgt. (George) Starlty.

We wish to thank these instructors for a job well done and wish them every success on their new posting. We trust that their wives and families will be very happy at their new locations.

TO COMMAND CBUME

Colonel George F. Stevenson, CD, of Hamilton, Ont., will be appointed Commander, Canadian Base Units Middle East with the United Nations in the Middle East, July 10th, Army Headquarters announced recently.

An officer of the Royal Canadian Army Service Corps, Col. Stevenson has been Director of Supplies and Transport for the Canadian Army since June, 1955.

Wins the "Ha"

BY ONE STROKE!

Someone missed a putt — and so the two ends of the "HA" will repose in different messes for the next year. The entry of 83 golfers was the largest in the three year history of the annual golf challenge between the HQ Western Command Officers' and Sergeants' Messes. S/Sgt. G. Thompson made the task of the Officers rather difficult by turning in his best score of the season, a 75, early in the day. Low scorer for the Officers was Capt. D. S. Buxton with an 83. The eight low gross scores for each mess were:

Officers' Mess	
Capt. D. S. Buxton	83
Mr. J. B. Roe	84
Capt. H. A. Lucas	84
Mr. J. W. Romaniuk	84
Capt. D. C. Lawford	90
Capt. R. W. Lawlor	90
Maj.-Gen. G. Walsh	91
Maj. P. J. Werth	91

Sergeants' Mess	
S/Sgt. G. Thompson	75
QMS (WO2) McIntosh	84
SM (WO1) Clark	86
Sgt. D. Oakes	87
SM (WO1) S. Casselman	89
S/Sgt. J. Salmond	90
Mr. D. Trapp	93
Sgt. H. H. Brown	94

In the 100 and over class the Sergeants' Mess were the winners by a wide margin. Scores were:

Sergeants' Mess	
QMS (WO2) James	100
Sgt. Holmes	100
Sgt. Gainsforth	103
Sgt. Taylor	103
Sgt. Szafransky	103
S/Sgt. Wood	104
Sgt. Clark	106

Sgt. M. King	108
Officers' Mess	
Lt.-Col. T. J. Green	102
Maj. B. I. Bolster	104
Capt. R. B. Davidson	105
Maj. R. A. Duncan	105
Capt. H. E. Hughes	105
Capt. L. A. P. Gemmill	110
Maj. A. N. Campbell	113
Capt. C. D. Nickerson	114

The Most Honest Golfer was S/Sgt. Patterson who took 152 blows to get round. Winners of the hidden holes on each nine, were — 1st Hidden Low — QMS (WO2) McIntosh; 1st Hidden High — Sgt. McPherson; 2nd Hidden Low — SM (WO1) Armstrong; 2nd Hidden High — Sgt. Hudson.

The prizes were presented by Maj.-Gen. G. Walsh at the Nineteenth Hole, which was held in the Officers' Mess this year, and was a most successful affair.

The Club, enthusiastically received, has enrolled a total of forty-six members since organization.

The posting of Captain Youmattoff and S/Sgt. Thompson create gaps in the Tournament and Handicap Committees. Sgt.-Maj. (WO1) Clark and Corporal Jones of HQ RCAMC have kindly agreed to supervise the jobs for the balance of the year. They have already been doing a good deal of the tournament work. Score cards should be turned in either to SM James at 13 Works Coy or direct to Cpl. Jones at HQ RCAMC. All are again requested to co-operate with these two committees by turning in score cards regularly and by acting as tournament starters when required. Please be sure to print your name and initials

FROM A DREAM TO REALITY

If you hear us boasting a little about the Griesbach Archery Club, it is only because tremendous headway has been made in forming it, and because it has only been a short six months when the Club was but a dream in the minds of a few people of this Garrison. Despite many disappointments, much tears and toil, we are justifiably proud to announce that "Archery has arrived in Griesbach."

Our latest function of several, was the participation in the Griesbach Community Fair and the support that was received from all was indeed gratifying. We are sure that all those who shot their allotted arrows at the balloons had a lot of fun, and in most cases managed to break a few and walk away with a prize or two for their efforts. Next year this will be an even bigger event.

Now that we are shooting outdoors in the field east of Turnip Lake School, and since equipment is supplied, all would-be archers are cordially invited to attend, and perhaps decide to join the Club and perpetuate this ever-increasingly popular sport.

We are happy to say that the ladies now in the Club are enjoying the shooting immensely. We are therefore particularly interested in having more ladies join and thereby while away those summer blues while the men are away to the Concentration.

The summer shooting schedule Mondays and Fridays: The first whistle 1900 hrs.

Sundays: 1400 to 1700 hrs.

Griesbach Retains Area Golf Trophy for Fourth Year

Mr. Bill Huggard, Calgary representative of Seagram's, presents the Area Golf Trophy to Griesbach team Captain, Sgt. Milbrath. Left to right: Capt D. S. Buxton, Capt. H. A. Lucas, Mr. Huggard, Sgt. R. A. Tuttle, Sgt. Milbrath and S/Sgt. G. Thompson. Absent, Maj. M. G. L. Roberts.

The Area Golf Tournament was played at Inglewood Golf Course, Calgary, on June 1st and 2nd. The total scores for 36 holes by two teams of six players were — Griesbach, 1,001; Calgary, 1,004.

The result was very close, an average of only a quarter of a stroke a round. The low gross trophy (individual) was won by Sgt. K. Kliever of Calgary with a 36-hole score of 154.

LITTLE LEAGUE BASEBALL

This year we have been rather fortunate (weather wise) and the games have been run off fairly smooth'y. The competition is real keen. There are two postponed games still to be played.

Soccer News

Actual results of soccer games played by the Griesbach Club are a little disappointing, however, the team is by no means discouraged and feel they are improving. Many of the boys are first year boys and it has taken some time to instill positional play into them. Like most young boys, their main ambition is to chase the ball instead of waiting for the ball to be passed to them.

Results of games played to date:

Griesbach vs Maple Leafs (won by default).

Griesbach 0 vs Dover Court 5.

Griesbach 0 vs Highlands 6.

Griesbach 0 vs Highlands 2.

Griesbach 0 vs Eastwood 0.

(Game rained out after 30 minutes of play).

Griesbach vs Eastwood, game postponed.

Besides the postponed Eastwood game, two other games were scheduled before entering the playoffs, as of press-time.

In spite of the above results, a number of the lads are now getting the hang of the game and playing a good show, notably: Webber, McLellan, McGrath and Luker. With a slightly more stalwart forward line, we shall be able to give anyone in the league a good game.

BASEBALL NEWS

A member team of the Edmonton District Minor Baseball Association in the Bantam Division, your Giersbach Warriors have not as yet set the league afire. We are still looking for our first win, and feel sure that this will come, along with a number of others, in the second half of the schedule coming July 3rd.

After suffering four successive beatings the boys began to improve, and on June 7th "Big Jim" Patterson rose to the heights by hurling 7 innings of no-hit ball! In overtime Rick Curtis kept up the pace, setting the side down in order in the next two innings; called because of darkness, we had to accept a 2-2 tie, as their pitcher tantalized the gang with a variety of slow breaking pitches.

On June the 12th we bowed to SHORTY'S Transport 6-3, by no means a disgrace against the 2nd team in the Division. Leading 3-2 until the 5th, a walk, 2 errors and a home-run proved to be too much as we became a bit too anxious. Rick Curtis twirled a four-hitter here, a masterful job which should have provided a win, in any league.

Griesbach To Have Two Football Teams This Fall

Grey Cup Films to be Shown at July 1st Rally

Griesbach Garrison will have boys' teams entered in two well-organized leagues during the coming football season. For the older teen-agers, the Rams, who made a good start in the past two years, will now be playing eight-man football in The North Central Alberta High School League. This league includes Jasper Place, Concordia College, Westlock and Alberta College amongst others.

A team is also being entered in a bantam league under the sponsorship of the Maple Leaf Athletic Club. This league is for younger teen-agers. Other teams in the league will be representative of various Edmonton city areas north of the Saskatchewan River.

EIGHT-MAN FOOTBALL

Although the NCAHS League is made up of schools, Griesbach was admitted on the basis that we are a community on our own, and that our recreational life is a community function.

It was agreed to conform to the eligibility rules for the league, which are as follows:

1. Players must be under twenty on September 1st of that school year.
2. Player must be a registered student in a high school in courses and credits as follows:
 - a. Grades X and XI six (6) subjects or twenty-five (25) credits, whichever is the least.
 - b. First year Grade XII four (4) subjects or eighteen (18) credits whichever is the least.
 - c. Second year Grade XII three (3) subjects or twelve (12) credits.
3. Players shall be eligible to play for four consecutive years, having met other eligibility regulations.

Some players who supported the team faithfully and well last year will become ineligible under these rules, but, after a long hard look, it was decided that the advantages of being in a well-organized, well-refereed league were great enough that those who will be cut out of play by the rules, are now asked to support the team and the league for the good of the community as a whole, and for the future.

A big football rally is to be held in the No. 1 School Auditorium at 8:30 on July 1st, when films of the Grey Cup Game will be shown. A speaker from the Eskimos' staff is being arranged for, and the evening will include setting up plans for the 1961 season. This rally is sponsored by the Griesbach Rams, and the proceeds of a small charge will help the team.

All residents of Griesbach will be welcome at the rally.

BANTAM RAMS

This year, for the first time, a Bantam, 12-man football team will be entered by Griesbach in a city league:

The eligibility rules in Bantam as at September 15th of that year, and 135 pounds weight or less.

Captain Doug Lawford will be coaching the Bantam Rams, whose games will be played at Coronation Park.

Schedules for both teams will be published in a later edition of the Bugle.

This fall looks like a good football year, with healthy activity for fifty or more ten-aged boys in Griesbach. Support and encouragement from anyone interested — even if only as a spectator — will help the boys a great deal.

GRIESBACH TENNIS CLUB

The opening tournament for the 1961 season was held on the outdoor courts at Griesbach, Sunday, June 11th. It was well attended by both Senior, the Ladies and Junior members.

The Junior Tournament was won by Doug Arril and Denise Mooney, who won 21 out of 25 games they played. The Ladies' Doubles were won by Mary Roddick and Marg Taylor, and the Griesbach Tin Cup Trophy for Men's Doubles was won by Keith Hutton and Tony Hawkins.

We were happy at this Tournament to entertain several members of the Garneau Tennis Club.

The weather was ideal and the Tournament excellently organized due to the unflagging efforts of Capt. Pinault. A list of members will shortly be circulated and it is hoped that there will be a good turnout at our Saturday and Sunday afternoon sessions. Anyone interested in playing should appear at one of those times or contact Capt. Hawkins, Headquarters Alberta Area at Local 413.

SOFTBALL

The Griesbach Garrison Softball League got under way on the 23rd of May.

A contract has been let to have the four ball diamonds shaved, rolled and brought up to regulation standards.

A new schedule has been drawn up and all games starting June 20th, will be played at 1830 hrs, on Tuesday, Wednesday and Thursday.

OUR LADY OF FATIMA CHAPEL

Once again it seems that I must apologize to our readers, as to circumstances which were beyond my control, our regular monthly write-up was not published.

Our Command Chaplain Lt.-Col. L. Ritza has announced that for the summer months all masses will be low masses at the following times: 9:00 and 11:00 o'clock on Sundays, Baptisms by appointment.

It is requested that our Catholic families co-operate with the padres as during the summer concentration at Camp Wainwright, we have lost the services of Father Belanger and Father St. Arnaud who are enjoying the hardships of Camp Wainwright.

Our sympathy goes out to Mr. and Mrs. Byrne and family on their recent bereavement, in the loss of their son Pte. D. J. Byrne 2 PPCLI, whose funeral service was held from Our Lady of Fatima Chapel with Father Belanger officiating.

On June 1st, the Feast of Corpus Christi was celebrated. This feast is dedicated to the corpse of our Saviour Jesus Christ.

Communion mass was celebrated and there were twenty-four children of the parish who made their first communion. After mass the procession was formed up and paraded around the chapel to an outside altar where the service for Corpus Christi was held.

We were very honored in that we had as our guest for this great occasion The Most Reverend P. Lussier, CSSR, Bishop of St. Paul's diocese, who assisted in the mass and the celebration. After the ceremony a delightful lunch was served to the visiting clergy by members of the C.W.A.

Though it may not be known, we owe a vote of thanks to Father St. Arnaud who worked so hard in making this celebration a success with his decorations.

Baptisms for the month were as follows:

ROENSPIESS, Trudy Ann — Mr. and Mrs. Ross Roenspiess.

MacDONALD, Bruce Anthony — Mr. and Mrs. H. MacDonald.

LEWIS, James Calvin — Mr. and Mrs. B. J. N. Lewis.

HOBBS, Howard William Kenneth — Mr. and Mrs. Howard Hobbs.

SMITH, Shellyann Elizabeth — Mr. and Mrs. Daniel Smith.

Censorship

In this era of emphasis on civic rights and individual liberty, there is inevitably a good deal of hostile reaction to the efforts of those well-meaning individuals who try to protect us from the cheap salacious that is so prevalent and easily available today. "Let them mind their own business!" is the cry, "we're grown people and no one is going to tell us what we should read or look at."

One thing we tend to forget is that censorship is really discrimination, on behalf of another, between that which is good and that which is bad by someone in authority. In other words, censorship begins at home. The parent is the child's first censor. Unless the parent discriminates for the child what he should read, look at on T.V., see at the movies, etc., he fails in his duty towards the child. All too many children today are growing up with heedless, uncaring parents who have no idea what the children are reading in their comic books, watching on T.V., seeing at the movies. As long as the children are occupied and do not cause them concern, these parents are happy. This, of course, is what leads to juvenile delinquency — the fact that we have too many delinquent parents.

We cannot live as good citizens in this world unless we have a sense of discrimination and unless we can tell right from wrong. These moral values do not come automatically. They are part of the steady growth of a child in wisdom and stature. The old proverb still rings clear and true: "Train up a child in the way that he should go and when he is old he will not depart from it."

THE PADRE.

Better Business Tips

A public service feature provided through the courtesy of the Better Business Bureau of Edmonton with a view to informing Griesbach residents of various business practices of which they should be aware.

OF "MEN WITH THE SCHEMES"

Over the years, Better Business Bureaus all over the Continent have listed over 800 schemes by which enterprising people have endeavoured to induce unsuspecting customers to part with their hard-earned money. The schemer relies for success upon human weakness, — the desire to get something for nothing, or to get a lot for a little. Promises are the stock in trade of the trickster. They are cheap but effective. If you don't know the merchant **never** rely on verbal promises. **Read before you sign, and investigate before you invest.** These fabulous offers may range from so-called "Contest" prizes, involving the sale of a collection of household goods, to a "share-the-profits" plan on purchases of appliances or home improvements. However, in all cases you will probably find that you must sign a contract and make a down-payment, just as in any other transaction. So often the contract clearly states: "No verbal agreements resognized." Many contracts are sold to Finance Companies, who expect payments to be made, regardless of what verbal arrangements the salesman may have made with the customer. Don't be talked into signing a contract for a large amount for appliances or home improvements such as siding, until you have taken the time to do a little comparative shopping, and have satisfied yourself that it is what you want for the price you want to pay, regardless of any promises of repayment through referrals to your friends. Your friends and neighbors have probably also been approached already with the same deal.

Spring is the time when the itinerant builders and roof-repair men are also out in full force. During the past years the Bureau has received many reports of older home-owners being approached by repair men who tell them their roof or chimneys are in bad shape and need repairs. Many times these people have paid cash for

work which was inferior or not done, but until someone could check for them, they were not aware of what transpired on the roof. Reports have come from the country of crews passing through, offering to re-coat roofs with a miracle compound "guaranteed" for ten years. This has sometimes proved to be nothing more than road oil mixed with aluminum powder. After a few days the oil dries up and the powder blows away. As for the "ten-year" guarantee, the crew has long since left the district, — without a forwarding address. Know the firm with whom you deal. Check on them **BEFORE** you become involved.

Last year some members of the notorious Williamson family from the U.S.A., were known to have been in Alberta. These people sell a variety of goods, including so-called "Scotch lace, Irish linen, or Persian carpets," — usually with a hard-luck sympathy appeal. Don't let your heart rule your head. Buy goods only if you need them, and can be sure of the quality you are getting.

Sympathy appeals have also been used in magazine sales. If you sign a contract for magazines from a reputable agency, you will likely get the magazines you order, but the company will not cancel the order merely because you have now decided you signed in haste, and have changed your mind.

Remember, it pays to do some figuring for yourself, and some investigating also. If in doubt — find out. "Lifetime" guarantees

are questionable, — whose life is men, — yours? the products? or the company's?

BRITISH INVADE N. BRUNSWICK

For the first time, a British Infantry Battalion will be flown across the North Atlantic to Canada to take part in exercises with the Canadian Army this summer.

The 1st Battalion, The Duke of Edinburgh's Royal Regiment will arrive in Fredericton starting June 19th. They will fly from the Royal Air Force Station at Lyneham by R.A.F. Air Transport Command "Britannias" in nine flights, the last of which will arrive at Fredericton on June 28th.

While in Canada, the 700-man unit will train at Camp Gagetown, N.B., as part of the 3rd Canadian Infantry Brigade Group. In addition to gaining experience in training under unfamiliar climatic conditions, the British battalion will exercise itself in long distance movement in its almost 3000-mile trip to Canada.

The first flight on June 19th will carry the unit's commanding officer, Lt.-Col. Dennis Ballantyne, the regimental colours and escort, and the battalion's band and drums. This group will leave New Brunswick on June 21st for Ontario where they will take part

in the June 24th ceremonies at Crysler Farm near Morrisburg, Ont., when the Prime Minister of Ontario will open the Battlefield Memorial Park commemorating the War of 1812.

Following this advance party, the remainder of the unit will land at Fredericton on June 21st and again on June 26th to June 28th.

The RAF will fly the battalion back to the United Kingdom during the first week in August.

May 19th saw the Aristocrats, with our own fabulous Buddy Bachmann on drums, entertaining before a fair crowd. A bit of money was lost on this affair, but not much. Chaperones for the evening were: S/Sgt. and Mrs. Bachmann; S/Sgt. and Mrs. Thompson, and Sgt. and Mrs. Wecker.

GRAD DANCE MEMORABLE

"Stardust," the Grade 9 Graduation Dance, was presented jointly by the Y.P.A. and the Students' Union on May 26th. "The Maddisons" of Columbia Recordings, were on hand to provide music. We hope it was a memorable occasion for all; Grads, parents, teachers, Y.P.A. members and the guests.

The dance officially opened at 9:00 p.m. as the parents and their graduating sons and daughters waltzed to the strains of "Stardust." Immediately preceeding this, Miss Verna Delaney, as President of the Y.P.A., welcomed everyone to the dance, and at intermission time Jim Hamilton, on behalf of the Students' Union and the Graduating Class, replied to Miss Delaney's remarks, saying that it was an event which would be remembered by all.

The hall was lightly, but gaily, decorated in pastel blue and white streamers. A wishing well highlighted the dance floor, while the stage curtains were graced with a large GRAD '61 sign, printed with "stardust."

Valerie Greene, Bernie Galbraith and Dave Brauti each won a long play recording, while Carol McLellan walked off with a large stuffed poodle. It's too bad some of the Grads couldn't have won them although they got the lion's share of the six single recordings the Maddisons gave away.

The Graduands had been to a banquet presented by the Students' Union, just before the dance and towards the end of the evening there must have been some pretty tired young men and ladies present.

At the conclusion of the affair most Grads happily claimed the large and lovely silhouettes which had adorned the walls. Our thanks to Miss Kester and the Grade 8's for preparing them.

Pictures were taken for the Y.P.A. and the Students' Union.

We feel the dance was a real succes and we were proud to be part of it. Our thanks go to Mr. Majakey, his staff, and the Stu-

dents' Union for asking us to help present it. Also deeply appreciated was the tremendous assistance accorded us by WO 1 and Mrs. Delaney. Total cost was \$126.00, and this, as well as profits, or losses, were shared by the two sponsors.

"BALL" POSTPONED

Due to exam time being upon us, it was decided to postpone the Miss Griesbach Teen Ball until the fall. In its place a year-end wind-up dance is slated for June 30th. This is a dress-up affair with the Maddisons again providing music. (We like 'em!).

YEA RAMS!

A football rally, sponsored by the Edm. Eskimo Football Club, the "Senior Rams" of Griesbach and its junior Bantam team will be held in Griesbach No. 1 School on Saturday, July 1st. The purpose is to build up a pre-season interest in local football and provide a bit of fun for all. This will be the "Rams" second year of operation but their first in a Senior High School league. Their field is considered as good as any in the city, including Clarke Stadium, except for seating capacity, of course. The Bantams should provide us with some good football too.

A film of the 1960 Grey Cup is on the schedule and an Eskimo personality will be guest speaker. Then, too, general discussions on football and the coming season will probably take place. We especially would like to see as many parents attending as possible. Please refer to flyer for more specific information.

SENIOR ADVISOR DEPARTS

On the eve of their departure for England, the Club presented a very beautiful plaque to Major and Mrs. Middlemiss as a token of its appreciation for their work on the Senior Advisory Council.

OUR THANKS

On behalf of the 1960-61 Y.P.A. Executive I wish to thank you for the privilege of serving the Teens of Griesbach. It was an experience well worth the time and effort expended and I'm sure everyone concerned was proud and honored to be chosen to serve as officers of the club. As with any organization, not every expectation was realized, but on the other hand, many things were accomplished.

In view of the good behavior of our "Teens" at all activities

I think the young people of Griesbach have earned themselves a good reputation and a fine place in the community.

During the year countless people who I am sure, need no mention, offered and gave assistance to the club and this is greatly appreciated. These especially include the Senior Advisory Council, the Griesbach Association, the staff of School No. 1 and the members. Running a Teen Club, as any other enterprise, is not quite as easy as it appears to be. The road may be rocky, but it is rewarding. This is a thought to be remembered by our future executive. It is a worthwhile and gratifying endeavor and definitely not a "lark."

Once again, thank you for your help and for letting us help you.

Yours sincerely,

Jim Salmond — Publicity for

Verna Delaney, President; Bob Middlemiss, Vice-President; Roger Irvin, Treasurer; Gerry Beck, Secretary; Marian Ashmore, Social Convener.

Aid Civil Authorities

More than 200 soldiers of the Regular Army were assisting in the civil emergency at Creston, B.C., at the peak activity period between June 3rd and 17th during the high water level of the Kootenay River, figures released by Western Command headquarters here showed.

The soldiers came from Chilliwack, B.C., and from Calgary, Alberta.

Two officers and 38 other ranks were from the 3rd Field Squadron, Royal Canadian Engineers, Chilliwack; six officers and 145 other ranks came from the 2nd Battalion Queen's Own Rifles of Canada, Calgary; ten signal personnel were from 1st Signal Squadron, Calgary, and the rest from Royal Canadian Army Service Corps detachments at Calgary and Chilliwack.

Some 30 Army vehicles were involved in the operation.

One sidelight was a visit during the height of the potential flood of an Army census-taker who garnered details from 22 single soldiers from Calgary.

The military commander of the operation was Maj. F. R. Freeborn, of Calgary, who is the commanding officer of the 3rd Field Squadron.

During the operation troops were quartered at the Creston Community Center. An Army spokesman said they consumed just under 2,000 man-day rations during the period.

Lieut.-Col. N. M. Gemmell, DSO, CD, of Peterborough, Ont., will retire this summer from the Regular Army after 27 years service, Army headquarters announced recently.

An officer of the Princess Patricia's Canadian Light Infantry, Lt.-Col. Gemmell has been employed as Camp Administrative Officer at Camp Wainwright, Alberta, since 1954.

Awarded the Distinguished Service Order, the French Croix de Guerre and mentioned in despatches for his gallantry during the Second World War, Lt.-Col. Gemmell enlisted in the Non-Permanent Active Militia in 1934. Transferring to the Stormont, Dundas and Glengarry Highlanders, at the outbreak of war, he served with the unit throughout the campaign in Northwest Europe, rising to command the Regiment in 1945. He later acted as commander of the 9th Canadian Infantry Brigade from June, 1945, until it returned to Canada.

In early post-war years Lt.-Col. Gemmell attended various courses in the United Kingdom and the United States. In 1947 he was named to command the PPCLI. He later served as Assistant Adjutant and Quartermaster General at Fort Churchill, Man., and in May, 1953, he was appointed command the 25th Canadian Reinforcement Group in the Far East.

POSTED

Major B. T. Saunders of Calgary, will be posted to London, Ont., in mid-July as commanding officer of No. 1 Company, Royal Canadian Army Service Corps, it was announced recently by Army Headquarters.

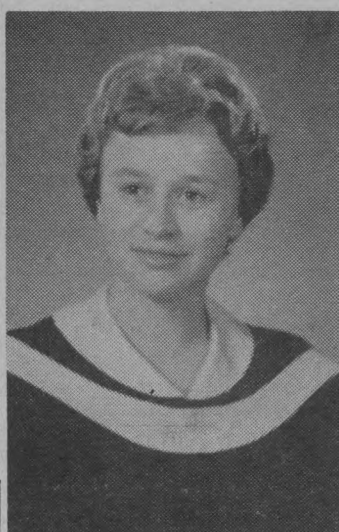

An officer of the RCASC, Major Saunders has been deputy command supply and transport officer at Western Command headquarters in Edmonton since 1957.

He enlisted in September, 1939, and saw service in the United Kingdom, Italy and Northwest Europe during the Second World War where he was mentioned in despatches, and with the International Supervisory Commission in Indochina from 1955 to 1956.

Prior to his present posting he was commanding officer of No. 14 Company, RCASC, in Edmonton, from 1956 to 1957.

U. of A. Graduate

Sandra Neve, daughter of SM (WO1) and Mrs. C. D. Neve, of 13846 - 101A Street, Griesbach, has received her B.A. in Psychology at the University of Alberta.

A long time resident of Griesbach, Miss Neve is a member of the Delta Gamma Sorority. She is presently employed at the Regina General Hospital Psychiatric Wing.

THEN AS NOW

People have never agreed as to what the goals of education should be. Aristotle wrote, "All people do not agree in those things they would have a child taught, both with respect to improvement in virtue and a happy life; nor is it clear whether the object of it should be to improve the reason or rectify the morals. From the present mode of education, we cannot determine with certainty to which men incline, whether to instruct a child in what will be useful to him in life, or what tends to virtue, or what is excellent; for all these things have their separate defenders."

The Regimental Band of the 2nd Battalion Princess Patricia Canadian Light Infantry gave a fine performance during the march past and at the post-parade reception, and are to be commended.

At 1100 hours, preceeding the march past and reception, a brief wreath laying ceremony was held at the Edmonton Cenotaph in honour of fallen comrades.

Effective June 5th, an added responsibility was placed on the personnel of RCASC Detail Issue Depot, Edmonton, for the supply of fresh rations to Alert and Resolute Bay, NWT. This entails the ordering, accounting and preparing for shipment via RCAF Scheduled Flights departing RCAF station Namao. The sport of golf has taken well within this unit, with many players aspiring to become Sam Sneads. Incidentally, Sgt. Durand shoots in the 80's — yea — 180, 280, 380. Pte. Westley, a very ardent golfer, claims he shoots in the 90's. In fact recently he got a hole in one — tore his trousers on a fence.
